Gainesville Daily Sun

VOL. XXII, NO. 21 GAINESVILLE, FLORIDA, FRIDAY, MARCH 3, 1905 TEN CENTS A WEEK

REVIEW OF WORK DONE BY CONGRESS

The Fifty Eighth Congress Is Nearing Its End.

NUMEROUS LAWS ARE ENACTED

Resume of What Our National Law-Makers Have Accomplished During Last Session of This Term of Congress—1,000 Private Acts Passed.

Washington, March 2.—Legislative activity of the fifty-eighth congress during its short session just closing may be estimated by the fact that over 100 laws affecting the general public have been enacted, and over 1,000 private acts passed. The private acts consist largely of pensions granted while a few relief measures and removal of charges of desertion make up the remainder.

The regular appropriation bills all are progressing to completion and some of them have already received the signature of President Roosevelt.

The senate has amended and ratified arbitration treaties with seven European and 16 American republics. It also has sat as a court and acquitted Charles Swayne, judge of the district court for the northern district of Florida, on articles of impeachment voted by the house.

In joint session of the two houses the electoral vote for President Roosevelt was also canvassed and the official announcement made of the election of Roosevelt and Fairbanks.

A revision of the Philippines tariff has progressed nearly to completion without indication of defeat and an act has been signed intended to develop the resources of those islands by guaranteeing interest on capital invested in railroad building and authorizing the issuance of bond for municipal improvements, schools and roads. The laws for Alaska has been codified, an additional district judge authorized and the revenues from the liquor traffic in that territory diverted to the suport of schools, the building of roads and the care of the insane. Legislation for the government of the Panama canal zone and regulations for the construction of the canal has been passed by both houses, but differences remain to be adjusted in conference.

Two new battleships were provided for by congress in the naval appropriation bill.

The trade mark laws have been revised and an international copyright act passed. Jurisdiction of the forest reserves has been transferred from the interior to the agricultural department. Authority to make arrests for forest reserves has been granted employes as a measure of further protection. President Roosevelt has been authorized to set apart a portion of the Wichita Forest Reserve as a breeding place for game animals and birds.

By resolution of the house, the department of commerce and labor has begun an investigation of the oil trust.

Obscene matter has been prohibited importation and transit as interstate commerce. As a further aid in the enforcement of the immigration laws, steamships entering United States ports are required to furnish a complete passenger list.

Captured confederate battle flags, in the possession of the war department, were ordered returned to the proper authorities of the state in which the regiment carrying the colors was organized.

The American National Red Cross society was incorporated, as were the trustees of the grand encampment of Knight Templar of the United States.

Statehood bills have passed both houses, and are in conferences. Both measures contain provision for the admission of Oklahoma and the Indian Territory as one state.

The foundation for railroad legislation has been laid by the passage of a bill through the house after exhaustive hearings and the beginnings of an inquiry by the senate which is to be conducted during the recess.

A halt has been called in the extravagance with which public documents have been printed.

The president has been authorized to grant medals for heroism in the saving of life saving department.

The extradition laws of the United States were extended to the Philippines

The state of Arkansas was ceded a strip of land from Indian Territory.

A portion of the Indian Valley of California was opened for settlement.

Settlers in the Rosebud Reservation were given additional time to establish citizenship. The unallotted lands of the Yakima reservation in Washington were ordered disposed of.

Twenty-eight of the public acts were authorities to build bridges or dam navigable streams; twenty-three relate to the District of Columbia, and four to the judiciary.

REBUILD TERMINALS AT ONCE.

Railroad Property Destroyed by Fire at New Orleans To Be Replaced.

New Orleans, March 2.—Second Vice President J. T. Harahan and a party of engineers and officials of the Illinois Central have arrived here in a special car, and visited the scene of Sunday's fire. Mr. Harahan said that the destruction was about as complete as the reports led him to expect.

"However, I find the situation otherwise much brighter than we looked for. We have already made arrangements that I think that we shall be able to handle all our business almost as expeditiously as before until the docks are restored.

"You may say that not a car of freight coming over our lines will be diverted from New Orleans as a result of the fire.

"We shall rebuild at once. Men were on their way to New Orleans before the fire had been extinguished. Probably a thousand laborers are already at work at the scene of the fire, and there will be 2,000 in a few days. We shall replace the docks upon an improved and more extensive scale, and new elevators will be erected at once."

ESTATE WORTH NEARLY $1,000,000

Appraisers of Man's Property Who Committed Suicide Report.

Macon, Ga., March 2.—The report of the appraisers for the Plant estate was field with Referee Proudfit. Its estimate of the total value of the Plant estate is given as $846,901.57.

A few figures are given in this report which will surprise those who have over-estimated the value of the Plant estate. It shows that certain land owned by the dead banker in Nashville, Tenn., thought to have been worth over $100,000, is only worth $7,500 in the estimation of the appraisers. The Idle Hour farm is set down in the report at a value of $30,000, the flowers in the nursery being valued at several thousand dollars.

Joke Cost His His Life.

Shenandoah, Pa., March 2.—Angered at a joke sprung at his expense, William Ardukiewiez, it is alleged, smashed his brother-in-law, Andrew Yudsbali, 28 years old, on the head with a beer bottle in a saloon, where they went to have a drink. Yudsball was picked up unconscious in the street and died during the night. Ardukiewiez was committed without bail to await the action of the grand jury on the charge of murder. His defense was that Yudsball' death was due to a fall on an icy pavement after he had left the saloon.

Will Open Forest Reserve.

Missoula, Mont., March 2.—Lake Como Forest Reserve becomes subject to homestead entry this morning at 10 o'clock. Between 15,000 and 20,000 acres of land will be thrown open for settlement. The land is in the famous Bitter Root valley and was set aside by President Cleveland as a temporary reserve. The city is now thronged with people ready to file claims as soon as the doors of the land office open this morning.

Tongue Removed by Operation.

New York, March 2.—Thomas French, an official of the Brooklyn Coal company, has submitted to an operation for the removal of his tongue. About two-thirds was cut away, yet with the remaining portion of the organ, and the muscles of his throat he will be able, after a little practice, to speak intelligently. The operation is the second of that nature performed here within a few months.

SMUGGLING BOMBS INTO CZAR'S EMPIRE

Discovery Accidentally Made By Custom Officials.

LETTER ADDRESED TO THE CZAR

The Socialist Organ of Paris Comments on a Letter Signed by "Gorges Gopan"—Letter Calls Upon the Czar to Pity His Children.

St. Petersburg, March 2.—Vast Quantities of hand bombs are being imported into Russia. The discovery was accidentally made by the customs authorities at Wirbalen, Russian Poland, on opening an ordinary fruit box marked "oranges," which was found to contain a hundred small bombs.

Scores of similar boxes have been coming in for weeks, and the authorities hear they are already widely distributed.

The bombs are not of the type of those used by the terrorists. They are more like hand grenades, and it is thought possible that they were intended for distribution among the strikers as weapons with which to fight the troops. The efforts made by the police to locate the plotters have as yet been unavailing.

Paris, March 2.—The Socialist organ, Humanite, today prints comments upon two letters reproduced from the Tribune Russe, bearing the signature of "Gorges Gopan" (or Gopon), the name of the Russian priest, who led the working men towards the imperial palace at St. Petersbug Jan. 22, resulting in much bloodshed. The letters appear to be authentic although several interviews on somewhat similar lines heretofore have been discredited. On is a letter addressed to "Nicholas Romanoff, former Czar and actual assassin of of Russia," says the blood of innocent workmen and their wives and children will forever separate their assassin and his heirs from the Russian people. The fury of the people has now been unloosed and it will be useless to offer them promises.

The letter adds:

"Bombs and dynamite and the terror of popular insurrection await thy offspring and all assassins of the people. Rivers of blood as never before perhaps will flow and even Russia herself may perish because of thee.

"Take warning, therefore, and quickly renounce with all thy family the throne of Russia and present thyself before the tribunal of the Russian people.

"Have pity on thy children, thou who offers the peace to others, and withholds it from thine own."

Valuable Mail Destroyed.

Connellsville, Pa., March 2.—Mail car No. 9, on the westbound Baltimore and Ohio express, was burned to the trucks today between Cooks Mills and Ellesslie, on the Connellsville division. Fifteen hundred registered letters, $250,000 in currency and hundreds of pounds of mail were destroyed. Mail Clerk Frank Free and two assistants were slightly injured in jumping from the car.

Negro Caught in Far West.

Seattle, Wash., March 2.—William McPhay, a negro who has been sought by the Mississippi authorities for the murder of a policeman at Magnolia, in that state, two years ago, has been captured near Seattle by Sheriff Smith, of King county. McPhay confessed and said he was willing to be punished for his crime, but begged to be protected from mob violence if sent back to Mississippi.

New Yorkers Buy Georgia Lands.

Tifton, Ga., March 2.—L. H. Green, a multi-millionaire, of New York city, has purchased from Captain H. S. Tift 20 acres of land in the city of Tifton and is having the land surveyed in lots of 50 by 100 feet and will auction them off. The lots are in the prettiest portion of the residence part of the town. Mr. Green has invested largely in south Georgia property recent...

ARMIES STILL IN BIG BATTLE.

The Japanese Seem to Have the Better End of the Fighting.

Tokio, March 1.—5 p. m.—The headquarters of the Japanese army on the Shakhe river telegraphing yesterday, says:

"The enemy's batteries at Tungyou mountain and the northern height of Tangchiatun commenced bombarding at 4 o'clock today. We did not reply.

"Monday night the enemy's field guns at Shupangtai and heavy guns at Wenchengpao concentrated their fire on our outposts in the vicinity of the railroad bridge. At 1 o'clock in the morning, five companies of infantry advanced on the other side of the railroad and surrounded our outposts. Later the enemy charged into our trenches and engaged in a fierce hand-to-hand fight. Our outposts had repulsed the enemy entirely at 3 o'clock in the morning. The enemy left 60 dead, some prisoners and spoils.

"Small bodies of the enemy at Wanchiayuantzu Sanchiatzu and Lapatai have been repulsed."

General Kuropatkin Reports.

St. Petersburg, March 2.—Two brief dispatches from General Kuropatkin dated Feb. 27, and Feb. 28, confirm the capture of the head of the Shakhe river bridge. Attacks of the Japanese on Cauto pass were repulsed Feb. 27 and again Feb. 28. The Russian advance guard still holds their position at Kadaza. The sharpshooters continue to harass the whole Japanese front and it is confirmed, caused considerable alarm by the use of hand grenades at Sandiapu during the night of Feb. 27.

TURKISH PROVINCES IN REVOLT.

Present Insurrection Puts In the Shade Previous Disturbances.

Constantinople, March 2.—The present insurrection in Yemen province, Arabia, appears to put in the shade all previous revolts.

The center of the movement is at Saada, northward of Sanaa, and already there are signs of its extension to the province of Assy's. The insurgents have again surrounded Sanaa and a stubborn fight has been in progress for five days.

Many of the Turkish trops refused to resist any further. In the south the towns of Aab and Heidjeh, the latter containing 2,000 troops with four guns are surrounded and on the point of capitulating.

The alleged victory of Feb. 1, when it was officially announced that the Turkish forces had routed the rebels investing Sanaa and Hodeida, Yemen province, and had relieved the besieged garrison of Sanaa, turns out to have been an insurgent success.

Turkey's defective transportation delays the despatch of reinforcements.

The object of the insurrection is believed to be the creation of an autonomous administration.

TWENTY-TWO LIVES LOST.

Steam Dredge Sinks and Balance of Crew Have Awful Experience.

New York, March 2.—Captain J. A. Minot, of the steam dredge Texas, which foundered at sea with a loss of 22 lives, was brought here today on the steamer Rotterdam from Rotterdam. The others of the crew of the Texas were landed at Waterford a few days ago, having been rescued by the brigantine Mercedes after a terrible experience with hunger, thirst and cold in an open boat.

The Texas, which was bound from Dantzic to Galveston, foundered at midnight on Christmas Eve. Two of her boats were launched but one of them was swamped. This boat containing the chief officer and 21 men, sank immediately and all its occupants were drowned.

In the second boat the survivors drifted 14 days, the last six of which they were absolutely without food or water. One of the men died from exposure, another became insane and the remaining 12 were on the verge of hysteria when help came to them.

They had drunk sea water and their bodies were covered with boils.

When taken on board the Mercedes, one of the survivors said that they had just drawn lots to decide which one should be killed to furnish food for his fellows. A little later they were transferred to the steamship Zeno and landed at Waterford, Ireland.

THE JAPS DRIVING RUSSIANS BACK

General Oku Secures a Most Important Position.

ST. PETERSBURG STRIKE BAD

Thought the Workmen Are Backed by Some Hidden Agency—The Inauguration is Causing Crowds to Pour Into Washington.

Special to The Sun.

Tokio, March 2.—A dispatch from General Oku states that the Japanese left has driven back the Russians and occupied Katitza, on the Liao River forty miles west of Mukden. This gives the Japanese a most important position, seriously menacing General Kuropatkin's communication along the Simminting road, which, if held by the Japanese, stops Russian supplies.

St. Petersburg, March 2.—The strike situation throughout Russia has been rendered more critical by the bold demands of St. Petersburg workmen yesterday, confronting the government again with the necessity of yielding everything in the face of a threat or of seeing all hope of a permanent settlement of the strike here and elsewhere through all agencies dashed to the ground. The worst feature of the situation is that the authorities are now convinced that the leaders of the workmen, in pursuance of a deep political plan, are managed by a shrewd hidden agency which is deliberately trying to prevent a settlement.

Washington, March 2.—All incoming trains here taday brought in crowds of inaugural visitors. Hotel lobbies are crowded and streets filled with strangers. Governor Blanchard and staff of Louisiana arrived today and numerous civil organizations came in on the afternoon trains.

KANSAS HITS AT OIL TRUST.

Legislature Passes Anti-Discrimination Bill by Big Majority.

Topeka, Kans., March 2.—The house today by a vote of 82 to 18, passed the anti-discrimination bill aimed principally at the Standard Oil company, and the last of the anti-trust measures to come up in this session.

It now goes to Governor Hoch.

This bill will reinforce the half dozen other anti-trust measures passed by the present legislature.

A heated debate preceded the passage of the measure today during which Representative Beekman pointed to Charles H. Ridgeway, a lobbyist who fought the anti-discrimination bill, created a sensation when he declared:

"He is fighting this bill because he represents the millers' trust."

Fertilizer Factories May Shut Down.

Nashville, Tenn., March 2.—A telegram from Huntsville, Ala., says. The wholesale reduction in the use of fertilizer by cotton planters makes a serious situation for the manufacturers, and many of them will have to close down. The reduction in the use of fertilizer is even more general than the proposed reduction of cotton acreage, and it is not now possible for the factories to sell as much as 75 per cent of the usual amount sold to cotton planters. Many country merchants are fighting the movement of the planters to reduce their cotton crops this season.

Panama Commissioners Arrive.

New York, March 2.—Dr. Charles A. L. Reed, of Cincinnati, and Thomas Goff, of Washington, the commissioners appointed to settle the remaining differences between the United States and Panama arising under the canal convention, arrived here today on the steamer Advance from Colon. During their stay in the canal zone the commissioners satisfactorily decided the Diaz condemnation suit and also that of a small property near the hospital there.

A FINE PROGRAM AT CHAUTAUQUA

Sam Jones Drew a Very Large and Appreciative Audience.

HE TALKS ABOUT PAVING

Instructive Entertainment by Miss Ben-Oliel on "The Bedouin Arabs"—Lou J. Beauchamp's Brilliant Lecture on "Taking the Sunny Side."

The program for the Chautauqua assembly, at the morning session, which opened at 10:30 o'clock yesterday, contained only one number, the lecture by Dana C. Johnson on "Thomas Jefferson." With a subject so dear to the hearts of the people, the large audience was highly entertained, for in the hands of Mr. Johnson, who showed himself to be a fluent speaker and a thorough student of his subject, the lecture was voted by many to be one of the finest they had heard for years. Not only did he glorify the name of the eminent statesman whose fame he put before his auditors, but he paid high tribute to many of the statesmen of our land. Mr. Johnson won many friends for his able handling of his subject and his refined oratory.

The auditorium was filled with a large and appreciative audience on Thursday afternoon, the pupils of the Gainesville Graded and High School being present in a body, and a large number of the E. F. S. students being in the audience. Dr. Strouse spoke briefly to the meeting.

The first on the program was the entertainment by Miss Ben-Oliel, taking for her subject "The Bedouin Arabs, their customs and habits." A large number of young ladies and gentlemen were dressed in the costumes of the country, and representations in many instances were quite true to life. She gave several illustrations, among them being the mode of grinding grain for food, the process being so slow that the grind has to be kept up to supply the family with the scant necessities in this line.

The Bedouin she said was very hospitable if you meet him at the door of his tent, but woe be unto you if you meet by chance in the desert and you happen to have anything he wants. He roams the desert for plunder, while the women stay at home and keep up grinding food, and it is remarkable how little they can subsist on, as a handful of ground date stones would last them for a week. She said they were considered very nourishing, but it almost seemed a miracle that they could so subsist.

Some of the representations of the religious services were very interesting and novel, the young ladies who assisted Miss Oliel doing their parts admirably. Their mode of greeting each other was very novel, and the singing not so unmusical as some might imagine.

The missionaries have been in the lands of these people for many years and labored with much persistence, yet in all these years they have never been able to change the religion or habits of the Bedouin. He roams the desert at his own sweet will and his home is wherever the women pitch the tent, as the men only stick the stake down and she does the rest.

The lecture and entertainment of Miss Oliel is of intense interest, as she has been in that country many years and speaks from observation. She has been a careful student of these people, has a voice adapted for speaking before a large audience, and a face and eyes that materially help her to put expression in her speaking. She won popular favor among nearly every lady present.

The next event was the address of Rev. Sam Jones of Cartersville, who seemed in his usual mood. He said he took a ride in the morning with Major Thomas to see the new piece of road being built by the government as an experiment, and paid a high compliment to the mayor and the interest he took in the city. The reverend gentleman said that Gainesville is the coming city of Florida, but the proper thing to do was to bond the city and have the streets paved. A debt is all right if it is for a good thing, he said, because you are bound to make money enough out of it to pay it.

Niggers and mules are the only ones who like to wade through sand, he announced. "If I was going to hell I would go faster than some of you Florida Crackers go to dinner," he exclaimed. "The difference between you natives and sensible people is the difference between Daniel Webster and a nigger baby." He spoke [illegible]

NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

We'll send you a sample free.
SCOTT & BOWNE, 409 Pearl Street, New York.

and talked to the young men about working for themselves. He said that the doctor who doctors for a dollar and a half a visit was not the doctor that made a success in life. He said many things of interest to young men.

In showing what a young man can do if he has the determination he cited the case of Rev. George Stuart, the evangelist who was in this city at the Bible Conference, who started his career at 13 years of age by striking out to acquire an education. His farther was dead and his mother had four sons, all younger than George, who, by his own exertions, helped to support the family, worked his way through college, graduated at the head of his class and was an instructor in the college when he graduated, and at last married the president's daughter.

The Rev. Jones got quite eloquent at times and the many good things he said more than made up for the foolish talk he indulged in, so on the whole the lecture was good enough for a title, although he did not really name it.

The Evening Session.

The evening session opened at 7:45 o'clock with violin solos by Miss Charlotte Cooke, an accomplished musician who kept the audience enraptured for a quarter of an hour. This music was followed by a stirring lecture, "Taking the Sunny Side," by Lou J. Beauchamp of Hamilton, Ohio.

Mr. Beauchamp is one of the finest orators ever heard in this city, and for more than an hour kept the audience in a good humor. While Mr. Beauchamp took the humorous side of life, he said many things full of force and logic, and those who heard him felt very much better from the lecture.

DEATH OF DR. GIDDINGS.

One of Gainesville's Oldest Citizens Passed Away Thursday Night.

One of the saddest deaths occurring in this section for many years was that of Dr. S. B. Giddings, which occurred at his boarding house in this city Thursday night, after a lingering illness of several days.

Deceased was about eighty years of age, and was one of the most widely known residents in this section, having resided here for the past quarter of a century. He conducted a drug store on West Main street, and up to the time of the death of his devoted wife a year ago, was living happily, notwithstanding his advanced age.

The funeral arrangements will be announced later.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Detective After Assailant.

Jackson, Miss., March 2.—The detective employed by Governor Vardaman to inquire into the assault made on Miss March in this city last Thursday night, arrived in the city this afternoon and had a conference with the governor. Later he visited the young lady and heard her story and also visited the house where Stewart Johnson, charged with the crime, was arrested. The detective will endeavor to run to earth the guilty party. The police do not believe that Stewart Johnson, the negro now held for the crime, is the guilty one.

A BUSY DAY.

United States Land Office Kept Busy Attending to Customers.

The United States land office was a busy place Thursday, but notwithstanding this the clever force of clerks were in a good humor, and answered all questions with a nature which showed that they were inclined to fulfill their duty promptly and properly.

Among the most important business transactions at the land office was the entry of several timber claims, which means a great deal of extra work for the force, but there is no objection to that.

Among the visitors to the city who had business to transact with the land office were Hon. Drew R. Hanley, Dr. Geo. E. Bothwell and D. C. Kinlin, all prominent citizens of Moyo, LaFayette county, who came to look after certain lands in Taylor county. W. H. Chancey of Mayo was also here looking after some business connected with the land office.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

TOBACCO SECRETS.

Turkish and Virginian Leafs Are Varieties of the Same Plant.

How many people even among the most confirmed smokers know what is the difference between Turkish and Virginia tobaccos?

The smoker, of course, can tell you which is which at the first whiff, but if you ask him what the original distinction is between the two he will tell you that one comes from Turkey and the other from the States.

He is wrong. You could grow Turkish and Virginia tobaccos in the same field, for they are merely two different varieties of the same plant. Turkish is the leaf of Nicotiana rustica, while Virginia is Nicotiana augustipolia. Of course the two are often blended by tobacconists.

Again, what constitutes the difference between "strong" and "mild" tobaccos? It is simple enough. The strong product is so manufactured that it burns slowly, the result being that the contained nicotine is distilled in an unaltered state. Mild tobaccos are those which burn well, and thus their contained nicotine is consumed or decomposed, with the result that a less narcotic smoke is formed.

We often hear cheap cigars spoken of as "cabbage leaves," and doubtless many people believe that these are actually adulterated with other substances than tobacco. Often in such a weed the outside wrapper is noticed to be patched with pale green, and this fact is held proof of the cabbage leaf libel. The piece of greenish leaf is real tobacco which has been plucked unripe or not properly cured. It is only to be found in thin, poor leaf.—London Express.

How Fishes Breathe.

By means of their gills fish breathe the air dissolved in water. The oxygen consumed by them is not that which forms the chemical constituent of the water, but that contained in the air which is dissolved in the water. Fishes transferred to water from which the air has been driven out by a high temperature or in which the air absorbed by them is not replaced are soon suffocated. They require aerated water to maintain life, and they take it in constantly through their mouths and expel it through their gills, retaining the air. It follows that if the water in a lake should be completely cut off from contact with the air long enough to exhaust the supply of air the fish in the lake would die. It would take a severe and pretty long continued freeze to accomplish this, but it might happen and doubtless has frequently happened with a small body of water.—St. Nicholas.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and billousness." 25c at druggists.

We work with, not against, doctors

We give doctors the formula for Ayer's Sarsaparilla. Then they can tell, when asked, just what it will do. Suppose you ask your doctor about this medicine in cases of impure blood, thin blood, debility, exhaustion, nervousness, anemia. J. C. Ayer Co., Lowell, Mass.

Do You Take Quinine?

It's 10 to 1 you do if you are a victim of malaria.

Don't Do It. It's Dangerous.

We'll admit it will cure malaria, but it leaves almost deadly after effects.

HERBINE

is purely vegetable and absolutely guaranteed to cure malaria, sick headache, biliousness, and all stomach, kidney and liver complaints.

TRY IT TO-DAY.

50 Cents a Bottle. All Druggists.

BUSINESS SLOW IN THE CIRCUIT COURT

Very Little Business Transacted by That Body Thursday.

THE GRAND JURY REPORTS

Brought in Indictments in Six Cases. Other Cases Arraigned, Some Prisoners Pleading Guilty—One Mistrial, and Prisoner is Again Indicted.

The fourth day of the second week of the circuit court of the Eighth Judicial Circuit, Alachua county, passed off in a manner uninteresting, nothing of importance having transpired.

The court was called to order at 9 o'clock, His Honor Judge J. T. Wills presiding.

The following cases were taken up:

State of Florida vs. Hamp Miller, appeal denove; nol prossed by motion of assistant State's attorney.

State vs. Murray McNish, assault with intent to murder. Prisoner arraigned and pleaded not guilty. Jury called and sworn and case submitted, after which one juryman was withdrawn by consent of the court, and a mistrial was the result, the indictment being quashed by the court. Another indictment was issued by the grand jury, however, and the trial will be held again.

State vs. Fletcher Watson, murder in the first degree. Prisoner arraigned and pleaded not guilty.

State vs. Arthur Davis, stealing a horse. Prisoner arraigned and pleaded guilty; sentenced by the court to five years in State prison.

State vs. John Davis, breaking and entering. Defendant arraigned and pleaded not guilty.

The grand jury during the day made its report, bringing in six true bills.

The court adjourned until Friday morning at 9 o'clock.

THE MINSTRELS TONIGHT.

Gainesville Assured of One of the Finest Performances Ever Staged.

A great program has been arranged for tonight's minstrel show by local stars. Reserved seats have been on sale at Avera's since Wednesday, and the advance sale shows that the minstrels will have a record-breaking crowd. Plenty of good seats left, and extra seats will be put in today, so that everyone will be accommodated.

Robert E. Kennedy is in charge of the show and says everything has been arranged so that there will not be the slightest hitch anywhere. Kennedy has worked very hard with the boys, and now has the minstrels running in a truly professional style. The grand military opening has never had its equal in this city. Hale, Tench, Seagle and Kennedy will take care of the ends, while Carter, Wheeler, Wilcox and Burnett will entertain the audience with the latest ballad songs. The opening chorus and finale will be composed of military songs. The second will be composed of catchy acts, Doyle and Tench showing Herman the Great off in great style, the comical quartette, the burlesque baseball act, Cadet Morrish as "Louie Oehenheimer," a German sailor in trouble, the performance concluding with the Hotel De Bughouse, with the following caste of characters: Proprietor Brown, Frank Hale; Senator Jones, Robert Kennedy; Bill Blivers, John Seagle; Jack Neverpay, Fletcher Burnett.

The curtain will rise at 8:30 and everyone who expects to attend is requested to be seated by that hour.

The prices will be 50c for reserved seats and 35c for the gallery.

Immigration on the Increase.

New York, March 2.—Immigration statistics show more than 130 per cent increase of newcomers during the month of February during the corresponding period of last year. The arrivals of the month were 53,460, as against 23,410 in February, 1904.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

FIVE MILLION BRICK

I now have the finest and best building brick made in Georgia; wire at my expense for lowest cash prices delivered at any point in Florida. E. N. JELKS, Macon, Ga.

BRONCHITIS.

Everybody Knows What it is, But Everybody Does Not Know What Will Cure it.

W. M. JOHNSON TELLS THE PEOPLE OF GAINESVILLE.

Asked one day in his store the question, "What is good for bronchitis?" Mr. Johnson, our well known druggist, answered, "The best way I can tell you is to ask you to read this letter from Miss Anna Ray of Bangor, Me. We have lots of such cases right here at home."

It read as follows:

"For five years I was troubled with a terrible cough and bronchitis. I tried a great many different preparations without getting relief. I could not sleep, and I became so weak I could hardly walk, and coughing day and night. Then I took Vinol. What a godsend that first bottle was! I had not taken half of it before I noticed a change for the better. I took four bottles in all and am entirely cured, and in perfect health."

"Now I have been talking up Vinol to the people of Gainesville for a long time," continued Mr. Johnson, "and I suppose some people think I am crazy on the subject, but really I hear such marvelous results from Vinol all the time that I believe it to be the greatest remedy for coughs, colds, bronchitis and all throat and lung troubles that we have ever sold in our store. It never disappoints people, and I do like to sell a thing that gives satisfaction. Vinol is cod liver oil medicine without the oil, and whenever old fashioned cod liver oil preparations will do good, Vinol will do more good, for it is delicious to the taste and powerful as a curative agent.

"I wish every person in Gainesville who is overworked, run down, debilitated, every old person, every weak woman, every sufferer with fall colds, bronchitis or incipient consumption, every nervous, irritable person or any one suffering with stomach troubles, would take advantage of my guarantee to refund the money if Vinol does not help them and restore them to health. Please call at our store and learn more about it." W. M. Johnson, druggist.

THEY SURVEYED THE ROAD.

Commissioners Dampier and Pedrick Make Inspection of New Road.

County Commissioners John G. Dampier and C. C. Pedrick made a tour of inspection of the government object-lesson road, which is being constructed on the Paradise road, Wednesday afternoon, and were very much pleased with the work so far accomplished. They have arrived at the conclusion that Government Expert Dodge, who is superintendent of the government road-building, knows a thing or two about the work, because he has given the county the benefit of one of the finest "stretches" of road ever built in the South. Mr. Dodge has been in the road-building profession for many years, and is regarded as one of the most competent in the country.

"I am very much impressed with this object-lesson road as far as it has gone," remarked Chairman Dampier to The Sun reporter. "The only objection I have to make is that it is only a mile, and another objection is that the county has only $1,200 to complete the balance, about a mile and a half. I think it the duty of the people to offer subscriptions to complete this road, and many of them have already responded liberally to the request. I hope every person interested will give us what he can, and by this means it may be possible to continue the work."

Commissioner Dampier is thoroughly converted to hard roads, and declares they are the first steps of civilization and advancement in any section.

Judge Reserved His Decision.

New York, March 2.—After hearing arguments on the writs of habeas corpus and certiorari having for their objects to secure the release of Nan Patterson from the Tombs where she is awaiting trial for the murder of Caesar Young, Justice Gaynor in the supreme court in Brooklyn today reserved decision. Miss Patterson was not in court.

Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all drug stores.

Postmasters Are Appointed.

Washington, March 2.—The president today sent to the senate the following nominations:

Postmasters:

Georgia—James T. Sibley, Milledgeville.

Florida—Charles N. Hillgroth, Jr., Live Oak.

Oklahoma—Wiley C. Shedden, Mangum.

South Carolina—James F. Hunter, Lancaster.

Texas—Sidnan J. Overton, Alice; Nora H. Kelly, Lockhart; Gustavo Granz, Schulenburg; P. Garner, Nexta.

Pensioner of 1812 Dead.

Dallas, March 2.—Mrs. Matilda Moore, 94 years old, one of the few remaining pensioners of the war of 1812, died from blood poisoning caused by a pin scratch. Her husband, Ziza Moore, served in the war of 1812 from Tennessee and his discharge bears the signature of General Andrew Jackson.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

The First Elevators.

The idea involved in our modern "lift" or "elevator" was anticipated in the middle of the seventeenth century by Velager, who also established the first letter boxes in Paris in 1653. Velager's lift was in demand until a mishap occurred to the king's daughter at Versailles. The mechanism failed to work when she was halfway up, and there she stuck for three long hours until the servants could break away the wall to release her. His "flying chairs" then fell into disrepute. The apparatus was simple in the extreme; just a chair attached to a rope which was passed over a pulley, with a weight as a counterbalance at its other end. In 1869 some one brought out as a new invention an imitation of this primitive lift, which has developed into our hydraulic or electric apparatus.

FITS EPILEPSY

CURED TO STAY CURED

Eminent Judges, Ministers, Congressmen and the medical press declare my cures permanent. I cure after others fail. It doesn't matter how severe the case, I can cure it. I want to send you the proof. I will send you my booklet on Epilepsy by return mail FREE. Write to-day.

Dr. W. Towns, Fond du Lac Wis.

The Daily Sun

Entered at the Post Office at Gainesville, Fla., as second-clas mail matter.

H. H. McCREARY, Editor and Publisher.
W. W. ASHLEY, Associate Editor.

JESSE E. BURTZ, City Editor.

LOUIS J. BRUMBY, Gen'l Traveling Agent.

F. M. PREWITT, Supt. Composing Rooms.

OFFICE: PORTER BLOCK.
205 W. Main Street, S. TELEPHONE 43-2

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Talk about Gainesville and its attractions. It is worthy of it.

There is only one drawback to the building operations in Gainesville—the lack of building material.

If you can't say a good word for your town, remain silent or else look over the files of The Sun and learn something to say.

The United States government will soon issue campaign badges to the veterans of the Philippine and the Spanish-American wars.

"I don't see but what you can buy clothing as cheap in Gainesville as anywhere I have been," remarked a tourist a few days ago.

The city of Gainesville has an excellent place for entertaining the people at the Bible Conference and Chautauqua in the commodious tabernacle.

If you don't believe there is a demand for moderate-priced houses for rent in Gainesville, advertise, "House for Rent," in The Sun and watch the result.

It looks as if Johan Hoch had got himself in position to ascertain by experience that "hell hath no fury compared to twenty or thirty women scorned."

The Boulware Spring, which supplies our city water, has got more friends than any to be found in Florida. One gentleman comes here every winter for the purpose of bathing in it, and he uses it without heating.

With twenty-three grocery and provision stores in our city, and none of them with signs in the windows, "Closed to invoice," it must be apparent to all that the people of Gainesville and vicinity do not live entirely on air.

The ladies of Gainesville are becoming quite enthusiastic in the healthful exercise of bowling. Some of them experience considerable difficulty in keeping the balls on the alley until they reach the pins, while others are becoming quite proficient.

For stomach trouble and indigestion, take one or two glasses of Boulware Spring water before breakfast each morning. If your stomach cannot stand it cold, boil the water. The water can be had at any penstock in the city. You will have to boil it, if you desire it hot. The city only furnishes it cool.

The Sun is adding new names to its already large subscription list every day, and the advertisers are becoming aware of the fact that if they want to reach the people they can do so through it's columns. Every postoffice in the county has a number of subscribers and the lists are all increasing. The Sun publishes more State news items than any paper in Florida, and people who are interested in their own State want The Sun. Those in other States who want Florida news must have The Sun. The Sun has now become a necessity. Without its rays there would be little or no life.

CHAUTAUQUA OPENING.

The opening of the second Chautauqua in the city of Gainesville, on Wednesday, March 1, 1905, must have been very gratifying to Dr. Clarence B. Strouse, the promoter, and who has labored so earnestly to make it the success its opening promises. The people in large numbers turned out to be present at the first entertainment, and it is plain to be seen that the best of our citizens, both in the city and those residing in the surrounding towns and country, are in accord with the enterprise, and will do their share to maintain it with their patronage.

Through the persistent efforts of the reverend Doctor Gainesville is now well established as a chautauqua city, and as the name is considered all over the land as synonymous with that of refinement and uplifting and wholesome entertainment, we should all feel a sense of satisfaction at being regarded as a city of the class we are thus placed in before the land.

The diversified program cannot help but please all classes who would desire wholesome entertainment, and there is no doubt but that each year the Gainesville Chautauqua will grow better and better, until it will take its place way up to the top of all, and to Dr. Strouse be the glory of all our greatness, with the aid of our enterprising citizens.

DEAR OLD GAINESVILLE.

Many people who have left the city owing to some circumstance that may have called them to another locality to reside, long to be here again, and if unable to return must keep in touch with the city, as the following letter would indicate:

"St. Johnsbury, Vt., Feb. 27, 1905.

"Editor Daily Sun: Dear Sir—Kindly send The Sun to me as long as this dollar holds good, and notify me as soon as this amount has run out. Have not seen dear old Gainesville for ten years, but the love for it is just as deep as it was when I came away.

"Very sincerely,
"WINNIE M. GILSON."

It is not altogether the homelike old city, with its spreading oaks that we admire; not the balmy air which inspires so many with new life and makes them put forth every effort to endure the little troubles they know not of—it is the best people on earth which you meet in Gainesville. The city is full of them. You cannot find better, and if you can only be just agreeable and look pleasant you will always find a reciprocal feeling in the hearts of our people.

The article referring to the life sentence of the negro murderer, Mashby, in the editorial columns of The Sun Thursday morning, was not written by the financial editor, hence the different views placed upon it. The jury, perhaps, thought the punishment by life imprisonment would be greater than capital punishment, and the verdict, no doubt, was for the best. It is gratifying to know that the men placed on our juries are alive to the best interests of the county, and The Sun never had any desire to belittle their judgment. The twelve men who composed the jury are as good as it is possible to obtain under the circumstances, and the editor had no intention to reflect upon them.

"I don't see what we have in Gainesville," said a kicker a few days ago. "If I have to come to Gainesville to enjoy good health," said another person, "I shall move here and stay permanently." That is one thing we have in Gainesville better than all else—good health. What is life without health? In Gainesville, situated as it is, in the highest portion of the Sunny Land of Florida, there is no reason why one cannot enjoy both health and happiness.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting natdre in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Take Hall's Family Pills for constipation.

If the supply of lumber was greater, we would soon have more houses erected in this city. The contractors are often obliged to stop work because they are unable to get lumber.

Perils of Pearl Diving.

Pearl diving and ruby mining appeal to the gambling instinct which is part of the Burmese character, says V. C. S. O'Connor in his book "The Silken East." A man may be a beggar one day and the next, through a lucky find at diving or digging, may be rich for the rest of his life. But pearl diving has its perils, some of which may be gathered from the following passage: "They talk of ambergris and whales and divers' risks; of two recent deaths from the snapping of the tube. In one case the life tender hauled haud over hand, but not quick enough to save his man, who came up dead and black in the face. Another's helmet, being unadjusted, let in the water. He signaled, but was kept down, being supposed nervous, and ultimately came up dead. Still another diver's head swelled up so that they could scarcely remove the helmet. The diver's life in these seas is a risky one, short, riotous, lucrative."

Is Man Deteriorating?

Dr. Robert Hutchison in discussing the question whether physical deterioration was taking place or not said it was possible that nature was producing by degrees a race of people who were best fitted to live in large towns. The individuals of that race would not be the kind of man of whom the recruiting sergeant would approve. Dr. Hutchison did not think that the man best suited to stand the wear and strain of life in London was the man of large frame, big muscles and much bone. The reason was that the conditions of town life did not admit of a sufficiency of digestive power to enable a man to nourish a large frame. The small, wiry, tough sort of individual could get along in London with a comparatively small amount of food and so did not overstrain his digestive capacity.—London Telegraph.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

LAZY LIVER

"I find Cascarets so good that I would not be without them. I was troubled a great deal with torpid liver and headache. Now since taking Cascarets Candy Cathartic I feel very much better I shall certainly recommend them to my friends as the best medicine I have ever seen." NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

A trip up the Ocklawaha is now the proper thing.

Tampa is teeming with tourists this season. The record has been broken.

Daytona is not favorable to granting a water works franchise to private parties. A municipal works is the thing.

A large hotel will be built at St. Petersburg on the West Coast this summer, to be ready for the opening next season.

The St. Augustine Record says that Anastasia Island card sharks are working the three-card monte trick very successfully.

St. Augustine's improvement society is doing good work. Other towns should follow the example. There is always a chance for improvement.

The total number of boxes of oranges shipped from Zolfo this season up to Wednesday, February 22, was 89,314—16,796 boxes more than last season.

A law is wanted to prevent the killing of pelicans, says The Miami Record. We see no reason why anyone would wish to kill them. They certainly do no harm.

Jacksonville is bound to have the State Fair, and there is no other city in the State better located or with anywhere near the accommodations for people and exhibits.

The Seaboard Air Line operator who was responsible for the wreck at Cottondale about a week ago has been placed under $500 bond to appear at the next term of the circuit court at Marianna to stand trial for criminal negligence.

The following notary public appointments have been made by Gov. Broward: V. P. Simmons, Lakemont; J. C. Townsend, Tampa; W. S. Murrow, Jasper; H. M. Lott, Havanna; C. L. Wilson, Homeland; Hugh Smith, Perry; Perry M. Colson, Gainesville.

Secretary Appleyard of the State Press Association promises one of the best meetings at Lake City, March 22 to 24, the association ever had. Much business will be done that will be of interest to every newspaper published in the State. When the worthy "Sec." gets down to work he is a hustler.

W. E. Wattles has just been appointed secretary and treasurer of the Palatka end of the Southern Colonization Company of Chicago, which corporation recently purchased 20,000 acres of land in Putnam county for colonization purposes, and which will be formally opened for settlement some time in April.

Miss Linie Reed, 16 years old, whose foster mother lives in the Spring Garden section, while visiting at the home of Mr. J. Hunter, at DeLand, tried to end her life by taking Paris green. Although she was very ill, she had not taken sufficient to kill. The reason given for the act was that she was abused and made miserable.

It is now about the season for Florida papers to utter their annual warning to the tourists against rushing home too early. Florida is just now getting into its most delightful season, while the reign of ice and snow at the North is not over by any means. At least a month longer should be spent in the "Land of Flowers."—Tampa Tribune.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

"IT SAVED MY LIFE"

PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, my monthly periods started; I am regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher.

A. C. L. Changes.

There has been a change in the office of the train dispatcher of the Atlantic Coast Line in this city.

F. H. Ford of Jacksonville, a railway telegrapher of ability, has arrived in the city, and will be chief dispatcher, assuming also what is termed the first trick. C. A. Nichols, who has been working in the capacity of dispatcher and first trick, will be transferred to the second trick, and Chas. W. Parham will relieve him on the third trick.

It will be remembered that W. B. Higdon, an efficient operator who has been in the employ of the Plant System and Atlantic Coast Line for the past seventeen years, has been working the third trick, but recently resigned to go into the life insurance business.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

MEETING NIGHTS CHANGED.

Odd Fellows and Masons Change Meeting Nights for Convenience.

There has been a change in the meeting nights of the Odd Fellows and Masons, which was brought about by a general conference of the officers of both orders.

Center Lodge No. 11, I. O. O. F., has been accustomed to meet in the lodge room, which is used jointly by several of the secret orders of the city. For the reason that the Odd Fellows, the majority of whom are merchants and clerks, are compelled to remain at work long hours on Saturday, they stated that they could not afford to spend until almost midnight on Friday at the lodge, since they must rise early the following morning. They loved the order and loved to attend its meetings, but felt that they could not do so under the circumstances, as it kept them up too late the preceding night and Saturday was always a hard day.

Noble Grand Blanding and other officers of Center Lodge appreciated the position of the Odd Fellows and with a desire to accommodate them, sought to change the meeting night. The Masons as a rule are just of the opposite class, being office and professional men who are not compelled to toil behind a counter for hours at a time, and by a conference with the officers of the Royal Arch Masons it has been decided to exchange meeting nights.

Notice is therefore given that there will be no meeting of Center Lodge this evening, but the next meeting, as well as all meetings in the future, will be held on Monday evenings. The Royal Arch Chapter of Masons, which has been meeting on the fourth Monday, will meet the third Friday of each month in the future.

NEWS TERSELY TOLD.

There was no change today in the deadlock over the selection of a United States senator in Missouri.

A cable dispatch from Honolulu states that Mrs. Jane Stanford, widow of the late Leland Stanford, died in Honlulu last night.

Master Wallace Garmon, son of J. T. Garmon, at Tallassee, Ala., was so badly kicked by a colt Sunday that he died shortly thereafter.

Sir Henry Irving, who recently suffered from a severe chill at Wolverhampton, England, continues to make progress towards recovery.

A swallow of potash which necessitated an operation on the throat caused the death of a child of Mr. and Mrs. R. L. Avery, of Dublin, Ga.

Indiana's senate has passed a bill appropriating $5,000 for a statue to General Lew Wallace, to be placed in the capitol at Washington, D. C.

Twelve hundred granite cutters of Quincy, Mass., began a strike today for a readjustment of wages, practically tying up the granite manufacturing industry of the city.

The six story building occupied by Frank Teller & Co., cigar manufacturers on South Second street, Philadelphia, Pa., was destroyed by fire. Loss estimated at $100,000.

Near Pinehurst, Ga., a serious if not fatal shooting occurred in which Ed Carroll shot down his uncle, Tuck Carroll. Two shots took effect and it is thought the wounded man will not live.

The Weckerling brewery, part of the New Orleans Brewing association plant, has been destroyed by fire. The cause is mysterious, some alleging an explosion. The loss is estimated at $200,000.

James B. Duke, president of the American Tobacco company, is reported to be seriously ill at his residence in New York from blood poisoning. The trouble, it is stated, came from a corn which was removed several days ago.

The strike of the coach builders employed, according to a dispatch from Paris, France, is assuming serious proportions. An increase in wages is demanded by the men, about 25,000 of whom are now out. Automobile makers are particularly affected.

Reports have been current recently of the approaching betrothal of King Alfonso, of Spain, to the Arch Duchess Gabrielle, daughter of Archduke Frederick, of Austria, but it is impossible to obtain an official confirmation of the rumors. On the other hand, they have been officially denied.

Chicago Man Shoots Robber.

Chicago, March 2.—Firing through his overcoat pocket at two men who attempted to rob him early today, Assistant County Attorney Louis B. Anderson shot and fatally wounded one of them. A short time later Frank H. Stannard, a negro, entered a drug store and asked to be given treatment for a wound in his breast. He was taken to a hospital, where Anderson later identified him as one of his assailants. The other escaped.

A Narrow Escape.

"Once while sojourning in the City of Mexico I happened to call upon a friend at one of the principal hotels at that capital," said a congressman.

"While in his room I noticed a very fine revolver, and, making some comment upon it, he picked it up and began to explain how, although it was of single action, he could fire it as fast as though it were double action. In some way his hand struck the hammer, causing the weapon to explode. In a second my friend turned deathly pale and became so agitated that he could scarcely speak.

"Having noticed that the bullet struck a rug and took a downward course, I didn't see any cause for excitement and, lifting up the rug, showed him where the lead took lodgment. He became calm pretty soon, and then he explained his agitation. 'Had that bullet gone into the court (all the hotels down there open into a court) instead of the floor and had it struck any Mexican my life would not have been worth a ten cent piece. I have lived down here long enough to know how swift is the punishment meted out to foreigners, even in case of accident, where a native is injured. Indeed, had I been unfortunate enough to have caused the death of one of them it is quite probable that you as well as myself would have been executed. The fact that you had nothing to do with the shooting would have been of no avail, for your presence here would have condemned you.'"—Washington Post.

Gainesville, Fla.

Dear Sir: Received the printing matter in due time, and will say that it is perfectly satisfactory. I like the envelopes so much. Many thanks for your prompt attention in filling order.

Yours truly,
Mrs. M. C. Courtney.

Send orders to THE SUN, Gainesville, Fla.

A Thoughtful Beggar.

J. Stanley Todd, the portrait painter, was talking about the beggars of different lands. "I have met," said Mr. Todd, "beggars of every description—shy beggars, blustering ones, old beggars, robust ones—but the most remarkable beggar of the lot was a man whom I never met, yet whom I never assuredly will forget. All I saw of this beggar was his hat and his chair. The chair stood on a corner of the Rue St. Lazare in Paris. The hat lay on the chair, with a few coppers in it, and behind the hat was a placard reading, 'Please don't forget the beggar, who is now taking his luncheon.'"

FREIGHT TRAINS IN HEAD-ON COLLISION

Two Trainmen Killed and One Seriously Injured.

CAUSED BY MISREADING ORDERS

The Wreck Took Fire and One Carload of Mules Was Cremated—Louisville Fire Department Sent Apparatus to the Scene.

Louisville, Ky., March 2.—Two freight trains on the Knoxville division of the Louisville and Nashville railroad met in a head on collision today a few miles south of Lebanon Junction, Ky., killing two men and injuring one.

The dead:

Judson Anderson, Lebanon Junction, fireman.

Charles Morman, Lebanon Junction, brakeman.

William Ryan, the engineer, of Lebanon Junction, was injured.

The wreck took fire and the crew being unable to make any headway against the flames, notified the division office.

A short time after a portion of the Louisville fire department was put on board a special train and hurried to the scene of the wreck.

There were two carloads of mules in one train. One carload was cremated, but several of the animals in the other car escaped.

The fireman and brakeman of one of the trains were pinned under the wreckage, and it is supposed were burned to death.

The property damage is said to be heavy.

The cause of the wreck is understood to have been a misreading of orders concerning the meeting point.

BIG RIVER STEAMER IN PERIL.

All Efforts to Stop Her Are of No Avail.

Louisville, Ky., March 2—The steamer New South, one of the largest passenger and freight boats on the Ohio river, was sighted today at Carrollton, Ky., 60 miles above Louisville, and an unsuccessful attempt made to rescue her. At Carrollton the tug Finley made out into midstream and although she got a line on the steamer failed to hold her and the New South passed on down the stream.

It is thought another attempt to save the New South will be made at Madison, Ind., 10 miles below Carrollton. The New South had no steam up.

The local harbor authorities on being advised from Cincinnati that 57 barges and 54 coal boats, all containing more or less coal, were coming with the ice, dispatched the towboats Sprague, Finlay, Transit and Wash Gray up the river. They will attempt to rescue the boats and, if possible, break the gorge before it reaches the Pumpkin Patch, where about $1,000,000 worth of Pittsburg coal is tied up in barges.

The Pumpkin Patch is the storehouse for the local coal houses, and from there many southern cities are supplied when the stage of water prevents navigation to the headwaters of the Ohio river.

POLAND UNDER MARTIAL LAW.

Trainmen Who Struck Granted Their Demands and Go To Work.

Waraw, March 1—2:50 p. m.—The governor-general of Poland today proclaimed a partial state of siege of governments of Kalisz, Lublin, Kielce and Lomsa. As a similar condition prevailes in the remaining six provincial governments all Poland is now governed under a modified form of martial law. The proclamation does not give specific reasons for the action taken, but it is due to the general unsatisfactory condition of the country. The strike on the Vistula railroad is ended.

Train service, both north and south of Warsaw, has been resumed. The strikers obtained higher wages and other concessions.

The strikes on suburban railroads strikes on the surburban railroads have also ended and all Warsaw's railroad communications are now restored.

No Tickets Sold to Negroes.

Washington, March 2.—Fears of southern people that negroes will be largely in evidence at the inaugural ball are said at the headquarters of the ball committee to be without foundation. Not one ticket has been sold there to a negro, and no sales to negroes have been reported at any of the branch offices. Of the 3,000 seats that have been sold in the mammoth stand facing the president's stand only three went to negroes.

STOESSELS AT ST. PETERBURG.

The Russian Defender of Port Arthur Arrives at Home.

St. Petersburg, March 2.—Lieutenant General Stoessels arrived in St. Peterburg this morning from Moscow.

A quarter of an hour before his train was due it looked as if not more than a hundred persons would be present to welcome the defender of Port Arthur, but their number augmented rapidly and when the train steamed into the depot many hundreds of people, especially women, crowded on the platform.

War Minister Sakharoff and Admiral Zelotti on behalf of the admiralty welcomed General Stoessels, who was loudly cheered and presented with flowers. After receiving the personal congratulations of friends, the general, looking bronzed and in good health, traversed the cheering crowd to a reception room, stopping now and then to shake hands with admirers. Behind the general came Mrs. Stoessels leaning on the arm of a military officer. She looked to be even more bronzed than her husband, and smiled happily at the warm welcome accorded him. It was remarked that the general's hair had turned quite white.

Robbers Lynched in Nevada.

Reno, Nev., March 2.—A lynching took place last night at Hazon, in Churchhill county, the victim being one of two men accused of robbery at the railway station. The alleged robbers ran into the sage brush where one of them was overtaken and hanged by a mob. The other escaped.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

THE INDIAN TRACKER

HE IS A REAL WIZARD IN HIS ABILITY TO FOLLOW A TRAIL.

To Him Even the Dry Prairie Grass Is an Open Book Wherein He Rapidly Reads Signs That an Ordinary Scout Would Never See.

The westerner pulled his horse into a walk and lit a cigar, dropping the match carefully on to a wet place in the trail, for fear of prairie fires.

"Yes," he said, "there are a lot of people, not only in the old country, but right here in the colonies, who think that because a man has spent a couple of years on a ranch and wears a cowboy hat and long spurs he's a sort of combination of Leatherstocking and Sherlock Homes. Now, a man may be a good enough scout to avoid walking into a trap and to find his way about in a strange country and to take cover, but when it comes to tracking he's a sucking babe compared with some of the Indians and half breeds. A scout may be made, but a tracker must be born so. Let me tell you the kind of thing I mean.

"I was managing the X ranch some years ago, about 120 miles from the American border. One night some horse thieves dropped in suddenly and carried off sixteen Clydesdales—'heavy horses,' we call them here. Next morning early I started in pursuit with a couple of my cowboys. The trail wasn't difficult at first, and we managed to pick it out all right at a walk, but the men we were hunting were riding at a gallop, and I saw we should have our work cut out to catch them. We talked the matter over for a bit, and then I made up my mind that I knew the locality they were making for, about a hundred miles away, so I dropped the trail altogether, and we rode to the point as hard as we could go to cut them off.

"When we got there we camped and strung out a lot of sentries and waited. Well, we waited and waited, and nothing turned up, so we saddled up again and went home, feeling a bit sick. Then we did what we should have done at first. We went on to the Indian reserve and asked for Colonel M., the Indian agent. I got him to act as interpreter, and I put $200 into his hands, asking him to explain that this sum would be paid to any Indians who should bring me in sight of my lost horses. That was all I wanted them to do. I could attend to the rest of the business myself. They held a bit of a powwow, and then three of them, White Wings and two more, whom I called Jack and Charlie—I couldn't tackle their Indian names—stepped out and volunteered to accompany us.

"It was about the first week in August, and the prairie grass was long, dry and yellow. They took up the trail at a smart canter and made for the border not quite straight, but so that they struck it about 130 miles or 140 miles southwest from the ranch. The country was mostly prairie, some flat, some rolling. There were some deep valleys and coulees and one or two ranges of hills. We followed them at a fast trot, but sometimes they were so far ahead that we had to fire shots to attract their attention and make them stop. We had some difficulty in making them understand, and they traveled at such a pace that I couldn't believe they were on the line at all. We couldn't make out anything, not even a bruised blade of grass. But every now and then we came to a soft place, where the hoof marks were discernible, and some of the stolen horses played out here and there, and we passed them, still following the main body. One mare was a confirmed jibber. I never could do anything with her myself, and they turned her loose, so that when we struck the border there were only nine horses left in the bunch.

"There were three horse thieves, and they had taken a long rope and fastened it to the saddle of the leader. At the other end rode a second man, trying to keep it as taut as possible. The stolen horses were haltered along this rope, eight on each side, and the third man rode alongside, with a whip, to keep them moving. Now and then the leading pony and the trailing pony would stop and change places. Whenever this had happened the Indians called our attention to it. They always knew the exact position of each of the men we were hunting. We rode eighty miles the first day and reached the border on the second, and after that we struck a trail that was as much traveled as the main street of a big city.

"We followed that for thirty miles or more, and we hardly slackened speed either. One of the hunted horses had a broken shoe, and the Indians would point out that particular track whenever we were in doubt of their being on the right line. At last we came to a place where the band had divided, six horses going in one direction and three in the other. We followed the six.

"Well, to cut a long story short, we came on three horses at last in the Yellowstone park tied up to trees and 400 miles from their starting point, having averaged over eighty miles a day during the chase. We communicated with the local authorities, and the men were arrested almost immediately and taken to Fort Beaufort, while I sent back to Canada for Sheriff Chapleau to come and extradite them. Unluckily in those days there was extradition for pretty nearly every form of crime except horse thieving, and the sheriff turned up, a much disgusted man, to say that he could do nothing in the matter. There was a band of vigilantes there at the time, however, and their chief—a French count, by the way—told the sheriff that if he could arrange to wait over for a day he should see how they dealt with horse thieves in the States. The culprits were let out of jail that night, and early next morning Chapleau saw their three bodies hanging from trees within 300 yards of the fort.

"Now, that was tracking. I've seen some very wonderful tracking ability exhibited by the Blackfeet and Assiniboins and others. You won't find it among white men. How can they compete with hunters whose forefathers for generations have been following the trail of soft moccasins over all kinds of ground till they can almost run by scent? Only be sure to select the right men. I've known too many Englishmen come out to this country to shoot moose and get into conversation with some loafer in a hotel 'rotunda,' who invariably 'knows all about it' and has just the right man to recommend for the job. Then the Englishman spends weeks following stale moose tracks in charge of some drunken half breed, who is quite content to promenade through the woods so long as he is earning $1.50 a day and his grub. But the officers of the northwest mounted police and the Indian agents and the sportsmen who go out year after year and bring back moose and wapiti heads, they can find the real article for you.

"Again, when he is found your Indian brave requires to be properly handled and humored a little if you don't want him to turn sulky. However, the police here can do it all right, and it is easy to enlist the services of an interpreter who knows his men. An Indian when his hunting instincts are aroused will follow a trail for a week on end on water and very little else, but at the end of that time he will sit down and eat steadily for twenty-four hours."—Canadian Cor. Pall Mall Gazette.

NEWS OF CITY AND COUNTY CONDENSED

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

Ladies' calling cards in latest styles at Sun office.

Simonson's Wonderful Salve for sale by J. W. McCollum & Co.

A. G. Fletcher of Albion was among the visitors to this city yesterday.

B. V. Page of Otter Creek was among the business visitors to this city yesterday.

Mrs. John Hester, an estimable lady of Micanopy, was shopping in the city yesterday.

George L. Churchwell, a progressive farmer of Alachua, was trading in the city yesterday.

LeRoy N. Pearce, the merchant of Alachua, was a business visitor to Gainesville yesterday.

Frank Dexter, the lumber manufacturer of Vista, Levy county, is here on a brief visit to his family.

John Fennell of Campville was in the city yesterday, a guest of his brother, Sheriff L. W. Fennell.

For Rent—Offices formerly occupied by Dr. Dell. Store under Sun office. Apply Thomas V. Porter.

Thomas B. Smith of Waldo, a trucker and farmer who has made some money at the business, was transacting business in this city yesterday.

R. G. Bass, the merchant of High Springs, was in the city yesterday for a few hours. He was en route to Evinston on a brief visit to his mother.

James Merchant, traveling representative of The Sun, is spending a few days in Alachua, High Springs and other points in the interest of the paper.

Tell your friends about the famous Blue Ribbon lemon and vanilla extracts. They will appreciate the favor and be delighted with the "Blue Ribbon Flavor."

Mr. and Mrs. Chas. Eddy and daughter of Orange Heights were among the visitors to this city yesterday, having come on a combined business and pleasure trip.

L. K. Edwards, the efficient manager of the crate works at Irvine and one of the cleverest young business men in the State, was registered at the Brown House yesterday.

Stray Horse Taken Up.—One bay horse, seven or eight years old; white spot on back, lump on hind thigh. Party owning same address G. W. Dyal, Monteocha, Fla. dawlt

George W. Dyal, the merchant of Monteocha, was among the business visitors to this city yesterday and paid The Sun an agreeable call. He was accompanied by his son, Madison.

C. W. Sikes of Cadillac, one of the progressive citizens of that section, was in the city yesterday and made The Sun an agreeable call, having his named placed on the subscription list.

Phillip Harris, the clever agent of the Miles Orton Southern Shows, was at the Brown House yesterday. Mr. Harris is representing one of the best and cleanest tent shows ever seen in the South, and he himself is a popular man.

Mr. and Mrs. F. P. Henderson of Arno were among those who favored Gainesville with a visit yesterday. Mr. Henderson owns one of the finest peach orchards in the county and expects to realize handsomely from the same during the coming season.

Registration Notice.—Notice is hereby given that the registration books of the city of Gainesville are now open at my office in the United States land office, and all persons desiring to do so can register on or before March 12th, 1905. J. M. Dell, City Clerk.

F. S. Osteen of Micanopy, an extensive naval stores operator of that place, has gone to High Springs, after a brief business visit to this city. Mr. Osteen is one of the cleverest "fellows" in the business, and has many friends here who are always glad to greet him.

J. W. Patton has returned from Waldo, in the vicinity of which place he has been engaged in surveying for Stephens & Cauthen for the past few days. This firm, who are engaged in the shingle business, has secured a fine tract of cypress timber on Lake Santa Fe, and expect to keep a large force engaged for the next few months.

Burt Wertheim has gone to Jacksonville, from whence he expects in a short time to proceed to New York for the summer.

Miss Vincent, an accomplished young lady of High Springs, has returned to her home, after a brief but pleasant visit to Miss Hattie Hodges.

Green Chaires of Old Town, one of the most widely known citizens of that section, has returned to his home, after a business trip to this city.

Miss Louis Simpson will teach a class in Pyrography, or burnt wood work. For particulars call on her at 605 East Main street. Samples of her work, etc., can be seen.

Thos. Kelley of Fenholloway was among the visitors to Gainesville yesterday, having been summoned on business connected with the United States land office.

Deputy Sheriff Lee Stokes of Micanopy has gone to Georgia, where he has been summoned on important business. Mr. Stokes may have some information of importance when he returns to Florida.

Mr. and Mrs. J. L. Medlin, Misses Sadie and Claudia May Wannamaker and Oscar McLaurin of Meredith were in the city yesterday, having come to hear the lecture of Rev. Sam. P. Jones at the Chautauqua yesterday afternoon.

J. B. Pate, the clever representative of the Carter & Dorough Company, pianos and organs, Valdosta, Ga., has made his departure for Jacksonville, after a few days spent here. Mr. Pate is regarded as one of the most successful piano salesmen on the road.

Mrs. J. J. Costello of High Springs, after a brief visit to Mrs. C. B. Hodges in this city, has gone to Tallahassee. From that city she proposes to go to Savannah, where she will remain for an indefinite period, her husband having been transferred from the paint shops of the Atlantic Coast Line at High Springs to Savannah.

Thos. C. Borden of Fernandina, an extensive lumber exporter, was among the guests of the Brown House yesterday. Mr. Borden ships millions of feet of lumber to foreign ports annually, the majority of which is secured from Florida. He states that the lumber interests of the State are better and more encouraging than they have been for years.

Robert Dupree, one of the most efficient engineers in the employ of the Seaboard Air Line, after spending a couple of days in this city, will resume his duties today. Bob, as he is familiarly known among his friends, is running the passenger engine between Archer and Early Bird, and declares he has the best engineer's job in the State. His friends here were glad to greet him again.

After an absence of several months in Bowling Green, Ky., where he has been attending the Southern Normal School, one of the largest schools in the South, with an enrollment of 1,200 pupils, Eli Futch has returned to his home in this city, and his friends are glad to welcome him. Mr. Futch has been indisposed for some time, and came home before the expiration of the term on account of sickness. He states that Prof. J. M. Guilliams, formerly superintendent of East Florida Seminary, who is now a member of the faculty of the Southern Normal, is one of the most popular teachers of that great institution, and is doing great work.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

TO BEAUTIFY ... YOUR COMPLEXION IN 10 DAYS, USE

Satinola

THE UNEQUALLED BEAUTIFIER.

SATINOLA is a new discovery, guaranteed and money refunded if it fails to remove the worst case of Freckles, Pimples, Tan, Sallowness, Liver Spots, Blackheads, or any skin eruption, in 20 days. Leaves the skin clear, soft, healthy, and restores the beauty of youth. Thousands testify to the merits of Satinola. Price 50c and $1.00 by leading druggists or mail. Prepared only by

NATIONAL TOILET CO., Paris, Tenn.

Sold in Gainesville by J. S. Bodiford & Co., J. W. McCollum & Co., W. M. Johnson and all leading druggists.

Moses and John Starling of Monteocha were trading in the city yesterday.

J. W. Blanding of the Alachua County Abstract Company has returned from a business trip to Archer.

O. C. Smith of Alachua was in the city yesterday and made The Sun an agreeable call, renewing his subscription.

Ira J. Carter, the progressive young merchant of Newberry, was in the city yesterday and made The Sun an agreeable call.

A municipal meeting will be held at Johnson's Hall tonight at 7:30. All voters are requested be present. S. B. Willis, Chairman.

J. B. Gore of Huntsville, Ala., a relief agent of the Atlantic Coast Line, has arrived in the city and will make his headquarters here for an indefinite period.

W. C. Newbern, who is engaged ona grading contract on the Newberry-Perry division of the Atlantic Coast Line, has returned to his duties, after a short but pleasant visit to his family in this city.

New York Racket

Cheapest Store on Earth.

New line of Ginghams and yard-wide Percales. 12 1-2c values, which are now on display, price 10c yard.

Short lengths of Dimities and White Lawns at 10c the yard; special value.

Beautiful line of Ladies' Belts and Combs just in; newest and nobbiest, and at Racket prices.

Large line of Matting. Cocva Door Mats and Rugs. 27x54 Moquette Rugs on sale at $2.25. Fine value; pretty patterns.

SHOES.

Men's, Women's and Children's Oxfords now on sale in great variety. Elegant line, newest styles, lowest prices.

PHIFER BROS

Phifers' Corner, Gainesville, Fla.

Bruce Zetrouer of Rochelle, Frank Walker of Bell and J. K. Christial of McIntosh were among the visitors to Gainesville yesterday. The latter is a progressive merchant of McIntosh, being a member of the Christian-Dickson Company.

R. A. Becker announces his candidacy in this issue of The Sun for marshal, and promises if elected to perform his duty with impartiality to all people. Mr. Becker has been a citizen of Gainesville for several years, and is well and favorably known here.

After a pleasant visit to his wife, who is a guest of her parents, Mr. and Mrs. Wood, Charles Leyvrez has returned to his home in St. Augustine. Mrs. Leyvrez has decided to remain a few days longer, as she has not been here for several months, and her friends are anxious to have her with them again. She will make her departure for St. Augustine some time during the coming week.

JUSTICE COLMAN'S COURT.

S. Stephens, Alleged Crook, Held Over for Action of Circuit Court.

S. Stephens, the negro who was arrested by Conductor M. R. Gilmer at the point of a pistol on board a train of the Atlantic Coast Line just as the train was clearing Tuesday, and subsequently turned into the custody of Chief of Police Pinkoson, searched, and a number of diamonds and $190 taken from his person, was arraigned before Justice Colman upon a charge of grand larceny, and was committed to jail to await the action of the grand jury.

Stephens is evidently one of the slickest in the profession, if he is wrong at all, for he has a clever way of going about his work. It is not known whether or not he stole the diamonds, which aggregate in value nearly a thousand dollars, but the facts are dead against him in the $110 of which he relieved J. Wesley Jones of Waldo, with the pretense that he was to secure for him a position as waiter at a hotel in St. Augustine at a salary of $18 a week, "to say nothing of the tips."

It is not known whether the grand jury will take up this case at the present term of the court or not.

For Marshal.

I hereby announce myself a candidate for the office of Marshal of the City of Gainesville, and solicit the support of all the voters of said city at the coming election of city officers.

If elected, I promise to give to all the people a vigorous and impartial exercise of the duties pertaining to that office. Respectfully,

Richard A. Becker.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for re-election to the office of marshal, subject to the action of the citizens of Gainesville at the coming municipal election. I leave my case in their hands. If I have discharged my duty as marshal in the past, I ask their indulgence and their votes in future. If they do not think I have discharged my duty, then it rests with them. I will appreciate support, however, and promise as long as in the office to show partiality to no one. Respectfully, Chas. Pinkoson.

MRS. R. WILSON.

A Micanopy Marriage.

Micanopy was the scene of a most impressive marriage Wednesday, when Marvin Pierce Summers, a progressive young business man of High Springs, was united with Miss Estil, the charming daughter of Mrs. M. V. Mathers, at the home of her mother at high noon.

There were a great many friends and relatives of the bride and groom present, and the affair was one of great pomp and splendor, notwithstanding that it was of a private nature. Among those present from High Springs were Mr. and Mrs. E. B. Godwin, Mr. and Mrs. S. P. Phifer, Mrs. A. T. Summers, Mrs. W. C. Summers.

The bridal party passed through the city yesterday en route to High Springs, their future home. While here they were the recipients of many congratulations from friends.

The Sun wishes Mr. and Mrs. Summers a long and pleasant journey upon the sea of matrimony.
